About the Book

The Atlas of Hand Surgery is a comprehensive guide to hand surgical procedures. Written by renowned hand surgeon Gary Tzu, this book provides detailed, step-by-step instructions for a wide range of hand surgeries, from simple laceration repairs to complex reconstructive procedures.

The Atlas of Hand Surgery is divided into four sections:

1. **General principles of hand surgery**
2. **Specific surgical procedures**
3. **Complications of hand surgery**
4. **Atlas of hand anatomy**

The first section of the book provides an overview of the general principles of hand surgery, including wound care, anesthesia, and postoperative care. The second section covers specific surgical procedures, including:

- Laceration repair
- Tendon repair

- Nerve repair
- Fracture repair
- Arthroplasty

The third section of the book discusses the complications of hand surgery, including infection, bleeding, and nerve damage. The fourth section of the book is an atlas of hand anatomy, which provides detailed illustrations of the bones, muscles, tendons, and nerves of the hand.

What's New in the Second Edition

The second edition of the Atlas of Hand Surgery has been updated to include the latest techniques in hand surgery. New chapters have been added on topics such as:

- Arthroscopic hand surgery
- Microvascular surgery
- Hand transplantation

The second edition also includes:

- Over 1,000 new illustrations
- Expanded coverage of hand anatomy
- Updated references to the latest medical literature

Who Should Read This Book?

The Atlas of Hand Surgery is a valuable resource for hand surgeons of all levels of experience. It is also a useful reference for orthopedic surgeons,

plastic surgeons, and other healthcare professionals who treat hand injuries and conditions.

About the Author

Gary Tzu is a world-renowned hand surgeon and the author of numerous books and articles on hand surgery. He is the chairman of the Department of Orthopaedic Surgery at the University of California, San Francisco, and the director of the Hand Surgery Fellowship Program at the University of California, San Francisco.
