

Brexit Brexit: How the UK Left the EU and the World Behind

By Connie Schultz

Review

Connie Schultz's *Brexit Brexit* is a comprehensive and deeply personal account of the UK's decision to leave the European Union. Schultz, a Pulitzer Prize-winning journalist, spent years reporting on the Brexit campaign and its aftermath, and her book offers a unique insider's perspective on one of the most consequential events in recent British history.

Schultz begins by tracing the roots of Brexit to the UK's long-standing Euroscepticism. She argues that the country's relationship with the EU has always been strained, and that the 2016 referendum was simply the culmination of decades of resentment.

Schultz then provides a detailed account of the Brexit campaign itself, from the rise of the UK Independence Party to the Leave campaign's victory. She highlights the key players in the campaign, and she analyzes the various arguments that were made on both sides.

Brexit: Brexit by Connie Schultz

Paperback	: 365 pages

In the aftermath of the referendum, Schultz explores the political and economic consequences of Brexit. She discusses the UK's negotiations with the EU, and she examines the impact of Brexit on the UK's economy, its international relations, and its social fabric.

Schultz concludes by arguing that Brexit is a tragedy for the UK. She believes that the country has lost its place at the heart of Europe, and that it will be many years before the full consequences of Brexit are known.

Brexit Brexit is a must-read for anyone who wants to understand the UK's decision to leave the EU. Schultz's book is a clear-eyed and deeply informed account of one of the most consequential events in recent British history.

About the Author

Connie Schultz is a Pulitzer Prize-winning journalist and the author of several books, including **Life Sentences** and **The Daughters of Erietown**. She is a regular contributor to **The New York Times**
