Prepare to be mesmerized by "Call It Chemistry," a novel that delves into the intoxicating world of forbidden passion, heart-wrenching deception, and the enduring grip of the past. Step into the captivating realm of Golden Grove, where secrets linger in the shadows and the embers of forgotten loves still flicker.

Meet Eleanor, a woman haunted by a scandalous secret from her youth. Now a successful businesswoman, she finds herself torn between the allure of her past and the promise of a future with Benjamin, a man who offers a chance at redemption. But as they navigate the complexities of

their newfound love, the ghosts of Eleanor's past threaten to shatter their fragile connection.

Interwoven with Eleanor's present-day struggles is the captivating story of her grandmother, Amelia. A spirited artist in her youth, Amelia's life was upended by a forbidden love affair that sent shockwaves through her family. Decades later, the consequences of her choices continue to cast a long shadow over Eleanor's own destiny.

As Eleanor delves deeper into the tangled threads of her family history, she uncovers a web of secrets, betrayals, and unspoken truths that hold the key to her own liberation. With each revelation, she is forced to confront the complexities of love, forgiveness, and the enduring power of the past.

"Call It Chemistry" is a story that will captivate your heart and mind. Its characters are complex and relatable, their struggles both heartbreaking and inspiring. With its evocative prose and gripping plot, this novel will stay with you long after you turn the final page.
