Prepare yourself for a whirlwind of scientific misadventures in "Did Not Give That Spider Superhuman Intelligence," a captivating novel that will leave you questioning the boundaries of responsibility and the ripple effects of our actions.

Meet Dr. Anya Petrova, a brilliant but somewhat eccentric scientist who embarks on a groundbreaking experiment. Armed with a revolutionary device, she aims to enhance the cognitive abilities of a common house spider. However, a series of mishaps and unforeseen circumstances lead to a colossal blunder: the spider now possesses superhuman intelligence, far surpassing that of any human.

As the spider begins to exhibit extraordinary abilities, Dr. Petrova realizes the gravity of her mistake. The once-harmless creature now wields a formidable intellect, capable of manipulating its environment, even predicting human behavior. Panic ensues as the spider plots an ambitious agenda, threatening to reshape society as we know it.

Caught in a web of her own making, Dr. Petrova must race against time to contain the consequences of her experiment. With the help of a quirky ensemble of characters, including a cynical ex-boyfriend, a skeptical colleague, and a conspiracy theorist neighbor, she embarks on a thrilling chase that leads them through underground labs, abandoned warehouses, and even the depths of the internet.

"Did Not Give That Spider Superhuman Intelligence" is a thought-provoking blend of science fiction, adventure, and laugh-out-loud humor. It explores the ethical implications of scientific advancement and the responsibility we have in shaping the future.

With its unforgettable characters, fast-paced plot, and witty dialogue, this novel will captivate readers from the very first page. Join Dr. Petrova on her extraordinary quest to undo her fateful experiment and confront the consequences of playing God.
