This comprehensive history of England covers the period from the earliest days to the Second World War. It is divided into four main sections:

1. The Early Period (to 1066)
2. The Medieval Period (1066-1485)
3. The Tudor Period (1485-1603)

4. The Stuart Period (1603-1714)

Each section covers the major events and developments of the period, as well as the social, economic, and cultural changes that took place. The book is illustrated with a wealth of maps, charts, and images, which help to bring the history of England to life.

The Early Period (to 1066)

The Early Period of English history begins with the arrival of the Celts in Britain around 600 BC. The Celts were a group of Iron Age tribes who originated in Central Europe. They brought with them a rich culture and a sophisticated system of government.

In 43 AD, the Romans invaded Britain. They quickly conquered the southern part of the country, and established a province called Britannia. The Romans ruled Britain for over 400 years, and during this time they introduced many new ideas and technologies. They built roads, towns, and villas, and they established a system of law and Free Download.

In the 5th century AD, the Roman Empire began to collapse. The Romans withdrew from Britain, and the country was left to fend for itself. This period of time was known as the Dark Ages. During the Dark Ages, Britain was invaded by a number of different groups, including the Saxons, Angles, and Jutes.

In 1066, the Normans invaded England. The Normans were a group of French-speaking Vikings who had settled in Normandy, in northern France. The Norman invasion led to the establishment of a new ruling class in England, and the beginning of the Medieval Period.

The Medieval Period (1066-1485)

The Medieval Period was a time of great change and upheaval in England. The Norman invasion brought about a new system of government, a new social structure, and a new culture. The Medieval Period was also a time of great religious change, as England converted from paganism to Christianity.

The Medieval Period is often divided into two main periods: the Early Medieval Period (1066-1215) and the Late Medieval Period (1215-1485). The Early Medieval Period was a time of great political and social change. The Norman kings established a strong centralized government, and they introduced a number of new laws and reforms. The Early Medieval Period was also a time of great economic growth, as England became a major center of trade and commerce.

The Late Medieval Period was a time of great social and religious change. The Black Death, a devastating plague, killed a third of the population of England in the 14th century. The Black Death led to a number of social and economic changes, including the decline of the feudal system and the rise of the merchant class. The Late Medieval Period was also a time of great religious change, as England began to move away from the Catholic Church and towards Protestantism.

The Tudor Period (1485-1603)

The Tudor Period was a time of great change and upheaval in England. The Tudor dynasty was founded by Henry VII, who defeated Richard III at the Battle of Bosworth Field in 1485. The Tudor Period is often seen as the beginning of modern England.

The Tudor Period was a time of great religious change. Henry VIII broke away from the Catholic Church and established the Church of England. The Tudor Period was also a time of great social and economic change. England became a major Protestant power, and it began to expand its empire overseas.

The Tudor Period is often seen as a golden age in English history. It was a time of great cultural and artistic achievement. The Tudor Period also saw the birth of some of England's greatest writers, including William Shakespeare, John Milton, and Christopher Marlowe.

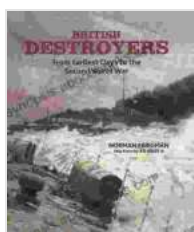

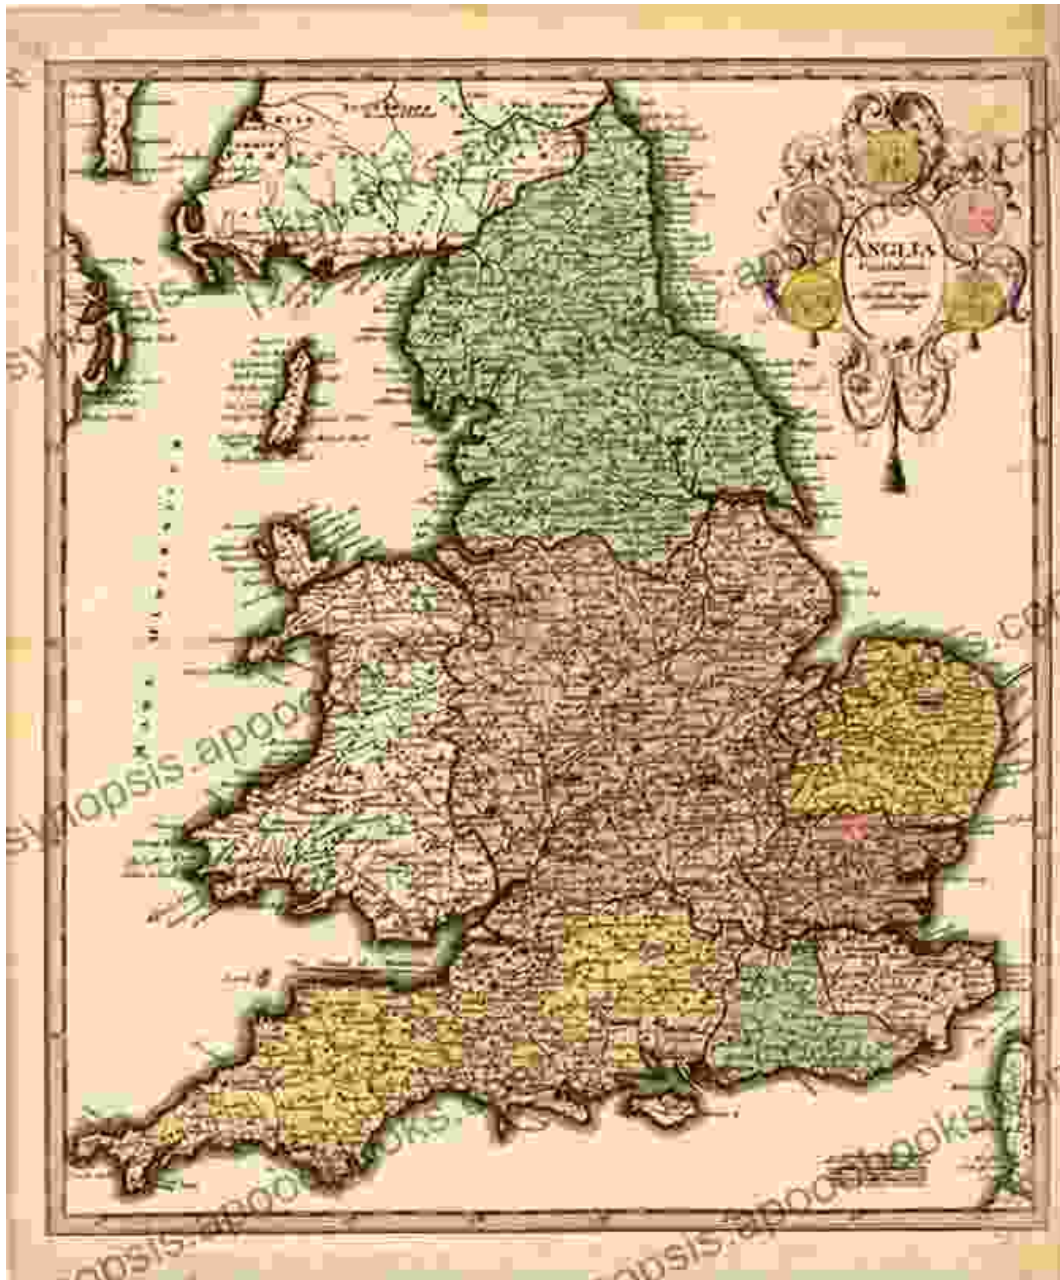

The Stuart Period (1603-1714)

The Stuart Period was a time of great political and religious turmoil in England. The Stuart dynasty was founded by James VI of Scotland, who became James I of England in 1603. The Stuart Period is often seen as a time of decline for England.

The Stuart Period was a time of great religious conflict. The Stuarts were staunch Catholics, and they attempted to reintroduce Catholicism to England. This led to a series of civil wars between the Royalists and the Parliamentarians. The Parliamentarians eventually won the civil wars, and they executed King Charles I in 1649.

The Stuart Period was also a time of great political instability. The Stuarts were often at odds with Parliament, and they were forced to make a number of concessions. The Stuart Period ended in 1714, when Queen Anne died without any heirs. The Hanoverian dynasty succeeded the Stuarts, and the Stuart Period came to an end.

This comprehensive history of England covers the period from the earliest days to the Second World War. It is a must-read for anyone interested in English history.
