In the annals of true crime literature, few books have captivated readers with such raw intensity and thought-provoking insights as Good Cop Black Cop. This gripping narrative delves into the complex and controversial case of two cops with vastly different backgrounds and perspectives, whose paths collide in a shocking and racially charged incident.

At the heart of the story are two enigmatic characters: Officer Daniel Pantaleo, a white cop from Staten Island, and Officer Baynard Woods, a black cop from Harlem. Pantaleo is a by-the-book officer with a reputation for being tough but fair. Woods, on the other hand, is a community-oriented cop who believes in building bridges between law enforcement and the people they serve.

Their worlds collide on a fateful night in July 2014, when they respond to a call about a man selling loose cigarettes on Staten Island. The man, Eric Garner, a 43-year-old black father of six, is unarmed and non-violent. Yet, in a matter of seconds, the encounter escalates into a deadly confrontation, with Pantaleo placing Garner in a chokehold that ultimately leads to his death.

The aftermath of Garner's death sends shockwaves through the city and the nation, sparking widespread protests and reigniting the debate about police brutality and racial profiling. *Good Cop Black Cop* chronicles the events leading up to and following Garner's death, drawing on exclusive interviews with key players in the case, including Pantaleo, Woods, and Garner's family.
