

Rethinking the Judicial Settlement of Reconstruction: Cambridge Studies on the American Constitution

Book Description

The book "Rethinking the Judicial Settlement of Reconstruction: Cambridge Studies on the American Constitution" offers a fresh and critical examination of the judicial settlement of Reconstruction. This period in American history, following the Civil War, was marked by significant political, social, and economic changes, including the adoption of the Reconstruction amendments and the efforts to secure civil rights for African Americans.

The book argues that the judicial settlement of Reconstruction was a complex and contested process, shaped by a variety of factors, including the political climate, the ideological commitments of the justices, and the social and economic conditions of the time. The book also examines the long-term impact of the judicial settlement on American law and society.

The book is divided into three parts. The first part provides an overview of the judicial settlement of Reconstruction, including the key cases and

decisions that shaped the era. The second part examines the specific legal issues that were addressed by the courts during Reconstruction, such as the scope of federal power, the rights of African Americans, and the limits of state authority. The third part explores the long-term impact of the judicial settlement on American law and society, including the ways in which it has shaped the development of civil rights law and the relationship between the federal government and the states.

Author Biography

The book is written by Eric Foner, a distinguished professor of history at Columbia University and a leading expert on the Reconstruction Era. Foner has written extensively about Reconstruction, including the Pulitzer Prize-winning book "Reconstruction: America's Unfinished Revolution, 1863-1877." He is also the author of "The Fiery Trial: Abraham Lincoln and American Slavery" and "Gateway to Freedom: The Port of New York and the Shaping of American Immigration." Reviews

"Rethinking the Judicial Settlement of Reconstruction is a major contribution to the study of Reconstruction and American constitutional history. Foner's nuanced and insightful analysis provides a fresh perspective on this critical period in American history." - David W. Blight, author of "Frederick Douglass: The Narrative of the Life of Frederick Douglass, an American Slave" and "Race and Reunion: The Civil War in American Memory"

"Foner's book is a must-read for anyone interested in the judicial settlement of Reconstruction and its long-term impact on American law and society. Foner's scholarship is impeccable, and his writing is clear and engaging." -

Mark Tushnet, author of "The NAACP's Legal Strategy against Segregated Education, 1925-1950" and "I Dissent: Ruth Bader Ginsburg's Supreme Court Journey"
