Take a captivating journey through the golden age of Swansea's trams with Swansea Trams 1900 Robinson. This meticulously researched book by renowned transport historian John Robinson unveils the rich history of one of Wales' most iconic forms of transport.

From the horse-drawn trams of the 1870s to the electric trams that transformed the city at the turn of the 20th century, Swansea Trams 1900 Robinson traces the evolution of the tram network that played a vital role in the development of Swansea.

Through a treasure trove of rare photographs, maps, and insightful commentary, Robinson brings to life the people, places, and events that shaped the history of Swansea's trams. Discover the challenges of operating a tram system in a rapidly growing industrial city, the impact of technological advancements, and the social and cultural significance of trams in the lives of Swansea's residents.

Whether you're a lifelong tram enthusiast, a Swansea history buff, or simply fascinated by the bygone era of public transport, Swansea Trams 1900 Robinson is an essential addition to your bookshelf. This beautifully illustrated book offers a captivating glimpse into a world where the clang of tram bells echoed through the streets and the electric sparks illuminated the night.
